

Multi-Scale Evaluation in STEM Education

An NSF INCLUDES Conference

TUNE IN TO OUR LIVE STREAM

Registration for attending in person is closed, but you can tune into many aspects of the conference via our live stream. Find out how to develop an evaluation plan that meets the needs of an INCLUDES (Inclusion across the Nation of Communities of Learners of Underrepresented Discoverers in Engineering and Science) Alliance Project. Topics to be covered will appeal toward individuals involved in current INCLUDES projects, those considering collaborating in such projects, and STEM educators considering inclusion of formal evaluation in their projects.

Webinar: 2 p.m. EST, Thursday, Feb. 9, 2017
Pre-Conference Tutorial: Wednesday, Feb. 22
Conference: Thursday-Friday, Feb. 23-24

Full details and live-stream registration at <http://www.nimbios.org/IncludesConf/>
