Webinar
Quantitative Education in Life Science Graduate Programs

This webinar discusses background information for the NIMBioS/SCMB Investigative Workshop on Quantitative Education in Life Science Graduate Programs, to be held March 16-18, 2020, at NIMBioS. It will summarize efforts at the undergraduate level to enhance quantitative life science education and discuss quantitative backgrounds of entering life science graduate students.

2 p.m. EST, March 3, 2020

Who should register:
Workshop participants and anyone interested in quantitative education in life science graduate programs
