

NIMBioS

National Institute for Mathematical
and Biological Synthesis

6th Annual Undergraduate Research Conference at the Interface of Biology and Mathematics

November 1-2, 2014

University of Tennessee Conference Center, Knoxville, TN

Undergraduates will present their research at the interface of biology and mathematics and network with students and mentors from across the country.

Featuring talks by:

Dr. Joseph Tien, The Ohio State University

Dr. Jeremy Smith, University of Tennessee/Oak Ridge National Lab Center
for Molecular Biophysics

Plus: Career Panel Discussion, Graduate School Showcase, Networking Opportunities

Faculty, students and local teachers invited.

Funding for lodging, registration and travel is available for a limited number of participants.

Deadline to apply for support: Sept. 10. Deadline to register: Oct. 24.

The National Institute for Mathematical and Biological Synthesis (NIMBioS) brings together researchers from around the world to collaborate across disciplinary boundaries to investigate solutions to basic and applied problems in the life sciences. NIMBioS is sponsored by the National Science Foundation, the U.S. Department of Homeland Security, and the U.S. Department of Agriculture with additional support from The University of Tennessee, Knoxville.
